Dear colleagues,

I'm writing to bring to your attention that our department is recruiting two junior faculty members AND at least one endowed chair in the broadly defined aging- and longevity-related areas. If any of your lab member is currently looking for a tenure-track assistant professor position, please encourage him/her to apply. They are more than welcome to contact me directly (haining@arizona.edu) and/or apply here: <https://arizona.csod.com/ux/ats/careersite/4/home/requisition/17780?c=arizona>

If any of you are interested in the endowed chair position, please feel free to contact me. We surely will keep it confidential.

Best regards,

Haining
